Rodbenedict Tablizo

A hardworking student balances academics with a part-time job in a printing and computer services shop. This experience helps develop technical skills in troubleshooting, printing operations, and customer service while gaining valuable real-world experience. I also value time management and multitasking abilities, which are essential for both work and study.

Work Experience

Printing Shop

- Utilized advanced computer skills to operate computer-aided design software for pre-press operations.
- Assembled and packaged orders according to customer specifications.

Web Development

- Developed a wide range of websites using HTML, CSS, JavaScript, jQuery, and PHP.
- Collaborated with designers and back-end developers to ensure a successful integration of web applications.
- Optimized websites for maximum speed and scalability.

Education

Bachelor of Science in Information Technology, Polytechnic University of the Philippines QC Branch (Still Studying)

September 2023 - Present
